

Dear Parent/Carer

The Government are now trying to move forward with the Voucher Scheme to support parents of children who have an entitlement to a Free School Meal. We therefore need parents who are entitled to a free school meal to confirm their email address by sending this to office@stmarksrcprimary.co.uk

School will then organise the vouchers and we will send them via email to all parents who are entitled to receive them. The electronic voucher can then be taken to a participating supermarket for redemption.

No packed lunches will then be produced from school following the acceptance of a voucher.

If you do not have an email address you will need to collect your voucher from school at a pre-arranged time.

Please confirm your email details as soon as possible and, in line with Government Guidelines, vouchers will commence after the Easter Holiday, Monday 20th April 2020.
